d. Data collection on student drops (10 Minutes)

Steven Estrada

David Halahmy of the Social Sciences Division has asked me to bring the issue of potentially surveying students after they have dropped a class to collect data on student-identified causes/reasons for dropping the course. The suggested survey would seek to find out if work schedule, family obligations, course instructor, etc would be identified by the student as contributing factors for dropping the course.

Senator Palmer will share information with the Senate regarding a new Library System coming in Spring 2020.
