must apply for GE certification through the Admissions and Records Office by the published deadline during the semester in which requirements will be completed or thereafter. The course must be on the list when it is taken in order to be certified. Students should refer to the Cypress College CSU GE-Breadth Certification List on www.assist.org to verify that a course was valid when it was taken. A course or sequence of courses used to satisfy a requirement in one area may not be used to satisfy a requirement in another area. Some universities will not allow students to count courses in their major field as part of general education. Students should check with a counselor and review the university catalog for further clarification. In order to earn this certificate, students must complete 39 semester units or 58.5 quarter units.

CSU/IGETC Certificate of Achievement only confirms completing CSU and/or UC general education requirements and does not meet Associate degree or transfer requirements. Refer to the College Catalog and meet with a Counselor for additional information.
