**Chair Report**

John Castillo, a student from Associated Students, provided information regarding a resolution that has been passed at the State level, to require professors to submit their syllabus and biography to the Registrar to be posted with all course information. Specifically, teaching style should be included and an overview of the course material that will be covered. This resolution was presented at Academic Senate and requested that the Curriculum Committee review it. Faculty shared their experiences and various comments relating to the resolution.

Jacky reported that ESL 184 C, ESL 185 C, and ESL 186 C that were approved for CSUGE and IGETC for FA19, will be added to our AAGE effective immediately, FA18.

Silvie reviewed information from the 52<sup>nd</sup> fall Session Resolutions packet for Fall 2018 from the Academic Senate area meeting. These resolutions were vetted at the Regional meetings. The Academic Senate President asked for the committee to review it and if needed the resolution can be edited before it is voted for on Saturday. Silvie reviewed resolutions under Curriculum area 9.0. Jacky reviewed the Articulation & Transfer Resolution 4.0.

Jacky informed the committee that the ASSIST Oversight and Implementation for ASSIST Next Gen has been stalled for two years but will now become effective May 2019.

Kathleen walked the committee through the CTE Curriculum Process. She displayed a sample application, completed the fields, and reviewed the required supplemental paperwork. The Labor Market request, Advisory Committee minutes and attendees list, LAOCRC Program Application with Regional recommendation and the CTE Dean review.
