

Safety Committee Minutes – October 16, 2019

Call to order 11:10 a.m.

In attendance: Phil Fleming, Tami Oh, Celeste Phelps, Robyn Udell, Debbie Valentine, Alex Bernal, Vanessa Gonzales, Student Members: N/A

10/17/19 Great Shakeout – Alex – no evacuation (without Fire Alarm beeping)

Construction Update – Safety – poor lights by SEM – It is now illuminated, Alex asked for a walk-through to show dark spots that need more lighting. Construction is 3 days behind but on schedule. Circle by M&O needs to be shut down, lane by lane for fiber optics/electrical.

Food Truck Update – Some requested more wholesome foods and some complied.

Campus Food Vendor – New vendors coming today for a meeting. DV suggested building a new kitchen, not likely. Celeste suggested vendors be in same spots each time for blind students. Need to scan a copy of map for Celeste.

Committee – Need new members, send suggestions to Vanessa – Requests made to CSEA for a new member.

PAC Meeting – is where Phil sends suggestions. Questions brought up: How do we deliver recommendations for President? As a committee, think about it. GAT Charts – progress (it is always updated). On an agenda, by committee a draft is needed – next meeting we can hopefully have a draft. Budget for this committee – Alex will appropriate a certain budget.

Incident Report – Reviewed

Baseballs flying – Dangerous – Each campus needs to provide netting (by Tami), Phil suggested a 3rd party vendor (ROM) to come out and add fencing – need funding. Collegiate standards – can't add netting too close to home (field to play).

Floor Marshall Training - They have started a training, will do more later. Emails to follow regarding training.

Lockdown Drills - will be funded. DSS is first (Lockout button), *Standardize buttons.

Handrails – are funded, they are coming.

CHaT – Celeste is building a team, every other campus has BIT teams.

Phentynol – Alex – students OD'ing. Need training of phentynol. There needs to be a plan in place at District Level. One death on site. "Glove up" – need training for Narcan. Transients on campus using meth at motels, then come here. **Make sure all guys have nitrile gloves. There is a need for containers for needles. Area of concern: lockers, Alex suggested key card for student ID.

AED – Audit by Debbie and Marla

Keep the bleed – ongoing, add to agenda for next month

BBP/Hazmat Training & Respirator Training

Adjourn: 12:00 p.m.
